June 2, 2006

Food & Nutrition Service
3101 Park Center Drive
Alexandria, VA 22302

On June 2, 2006, the Consortium IV (C-IV) Joint Powers Authority Board approved the submittal of a grant application to the Food & Nutrition Service to develop and implement simple food stamp application and eligibility determination systems; or implement measures to improve access to food stamp benefits to eligible applicants.

As a C-IV partner, San Bernardino County is in complete support of this endeavor. We agree with, and are looking forward to, implementing the proposed improvements to the C-IV system. We believe that simplifying the application process for the public and making this process available via the Internet is in direct accordance with our Countywide Service First Public Service Improvement Program and a valuable asset to the residents of our county in obtaining nutrition services.

Thank you.
